

**Press Release**

Geneva, the 30th of March 2021

ADDAX ENERGY SA HAS A NEW BUNKER DELIVERY POINT FOR OUR WEST AFRICAN OPERATIONS.

On the 8th of March 2021, Addax Energy SA has started bunker supplies in Mauritania.

For ensuring optional and flexible activities in the region, two (2) tankers will be deployed.

Deliveries of our VLSFO et DMA 0.1 products (ISO 2017 specs) will be made to the Nouadhibou anchorage and studies are ongoing to extend the capabilities to Nouakchott.

This is a great opportunity to provide an efficient solution for the growing energy demands of the West African region and to contribute to its economic growth.

Addax Energy SA, the Oryx Energies SA's trading arm

We supply fuels, marine lubricants and other specialised services, offshore and on the high seas across sub-Saharan Africa. We service a diversified portfolio of customers: commercial vessels, fishing fleets, offshore platforms and their associated industries. To achieve this, we deploy a fleet of specialised bunkering barges managed by cutting edge chartering and bunker operations entities within Oryx Energies. The service leverages Oryx Energies' facilities at strategic locations along the coasts of Africa, ensuring a seamless service from product sourcing to delivery.
