

ADDAX ENERGY

Responding to client's needs

Addax Energy, the Oryx Energies' trading arm

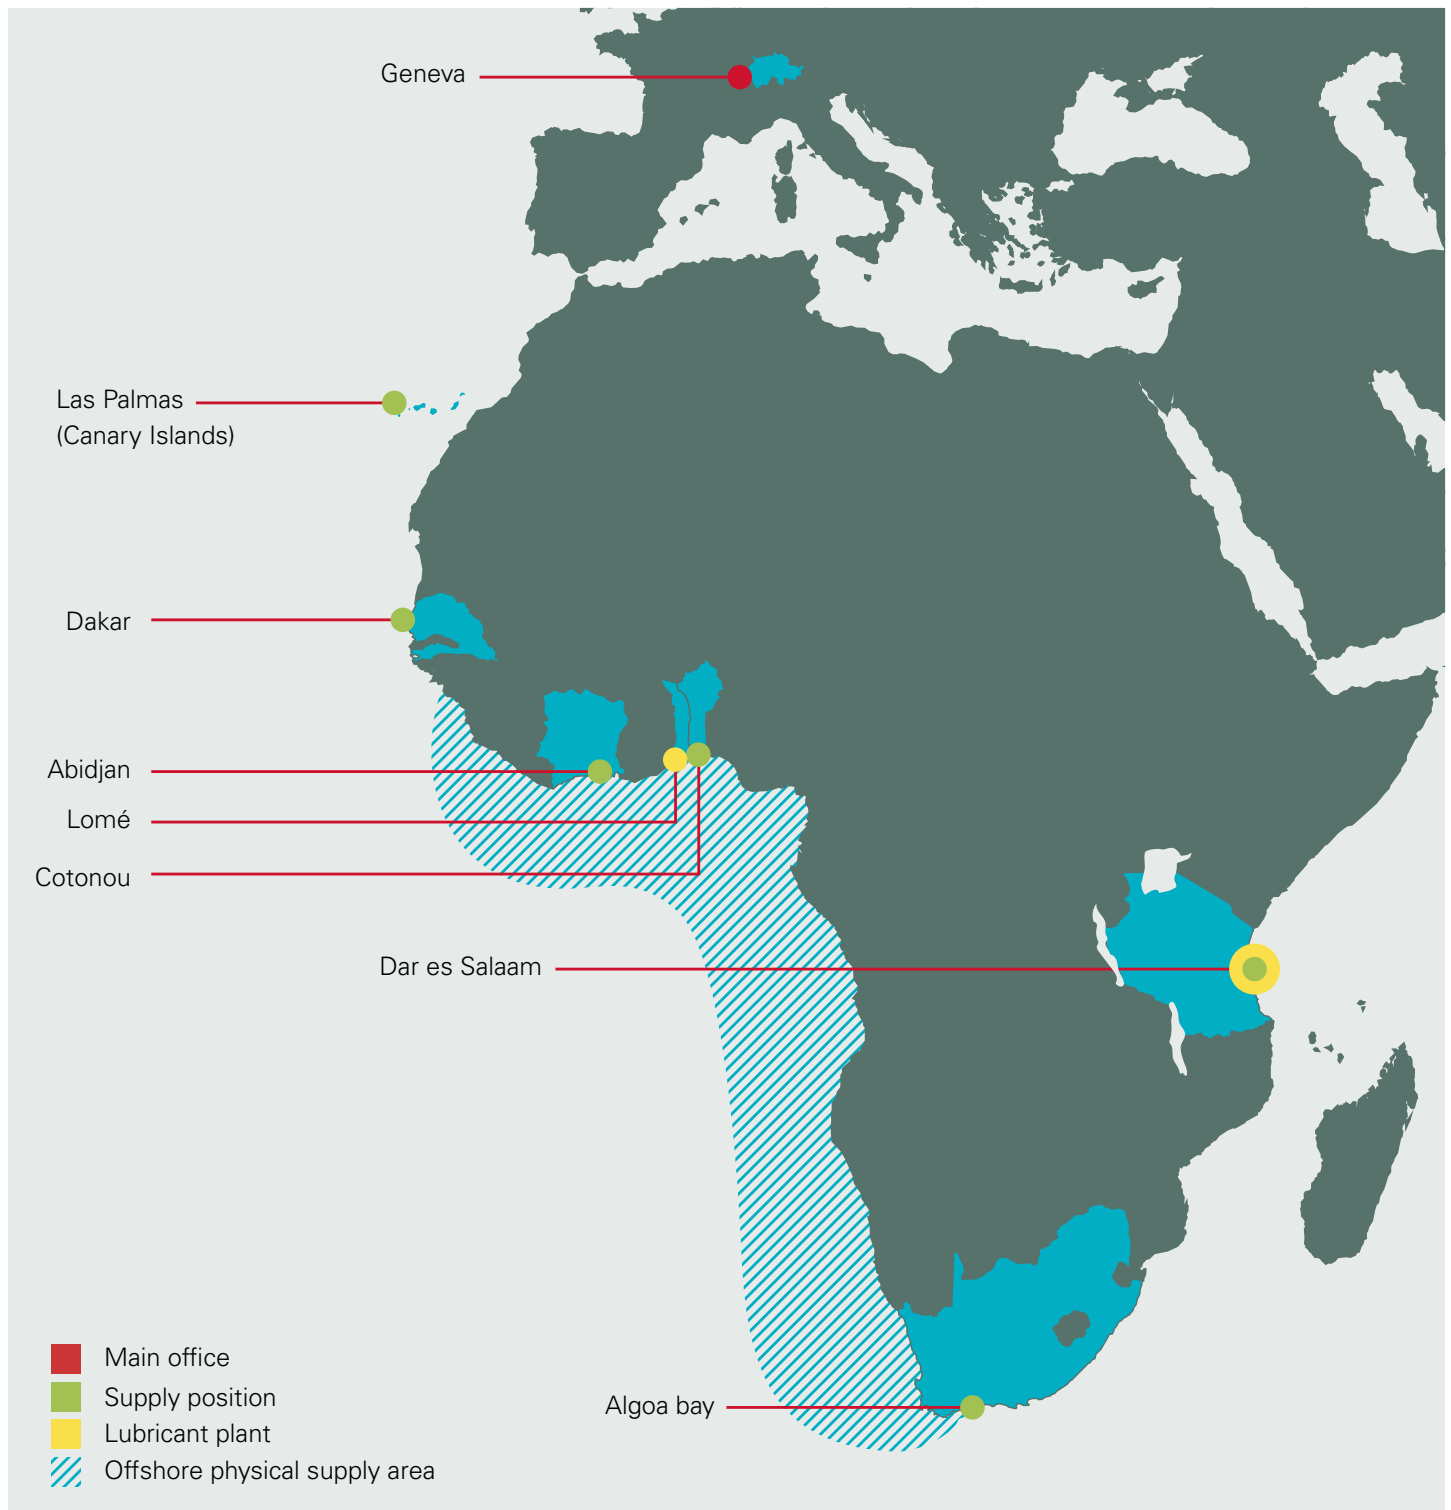

We supply fuels, marine lubricants and other specialised services, offshore and on the high seas across sub-Saharan Africa.

We service a diversified portfolio of customers: commercial vessels, fishing fleets, offshore platforms and their associated industries.

To achieve this, we deploy a fleet of specialised bunkering barges managed by cutting edge chartering and bunker operations entities within Oryx Energies.

The service leverages Oryx Energies' facilities at strategic locations along the coasts of Africa, ensuring a seamless service from product sourcing to delivery.

Oryx Energies' geographic footprint – Bunkering Services

A focus on quality and reliability, from sourcing to delivery

- Guaranteed product quality, quantity and availability
- High levels of service
- Specialised crews, fleet and floating storage
- Operations 24/7
- Ability to supply by barge, and for specific regions, ex pipe and by trucks

Our fleet

- Modern double-hull tankers
- Dynamic Positioning System (DPS)
- Marpol, ISM, SOLAS and ISPS
- Fully compliant with latest international standards and fitted with latest equipment
- Fully vetted and regular review of procedures
- Ability to conduct alongside and stern-to-bow deliveries
- Experienced crews, with ongoing training

Las Palmas (Canary Islands, Spain)

- State-of-the-art fuel and gas oil terminal compliant with Europe's strictest health, safety and environmental regulations
- Strategically placed on the main commercial route between Europe, West Africa and the Americas
- Over 220,000 m³ of storage capacity with access to a deep water jetty

Algoa bay (South Africa)

- SAMF: Acquisition of the majority stake by Oryx Energies in 2019
- Strategically placed to target busy East-West commercial routes
- Offshore bunkering license and ship service operations targeting both port calling ships and general passing traffic
