

# WORKING SOLUTIONS FOR ALL YOUR NEEDS

Making energy sourcing and logistics work for you

# OUR TEAM

**Oryx Energies is a group of companies, headquartered in Geneva (Switzerland) and majority-owned by the private investment group AOG. We are present today in more than 20 countries. Addax Energy SA, the branch of Oryx Energies specialised in trading and bunkering, was created in 1987 and has been responding to the evolving energy needs of the African continent for over 35 years.**

Our trading team sources crude oil and refined products on the open market from all over the world, and supplies them to our downstream activities, as well as third parties. Liquid hydrocarbons remain a primary energy source today whether in the form of fuels (such as petroleum, gasoline or jet fuel), Liquefied Petroleum Gas (primarily butane and propane), oils (for making lubricants) or bitumen (for building roads).

Our bunkering team supplies fuels, marine lubricants and other specialised services, offshore and on the high seas across sub-Saharan Africa. We service commercial vessels, fishing fleets and all types of offshore platforms, using high-quality ships and experienced crews that comply with the most stringent international standards. The service leverages Oryx Energies' facilities at strategic locations along the coasts of Africa, ensuring a seamless service from product sourcing to delivery.

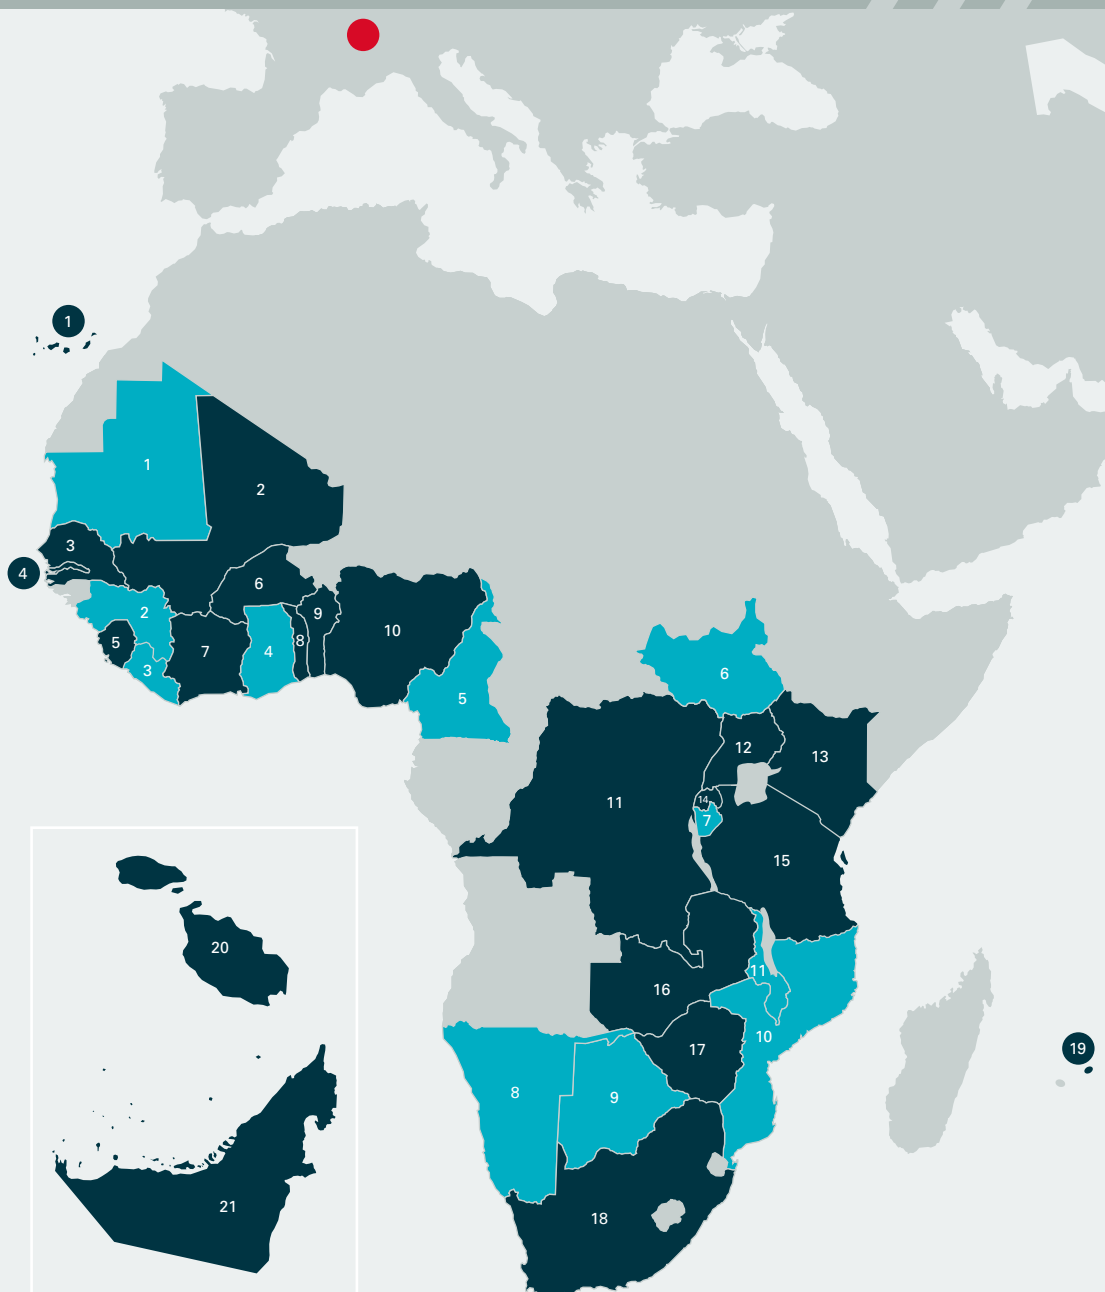

## Our presence in Africa and around the world

### Main affiliates

- Switzerland (headquarters)
- 1 Spain (Canary Islands)
- 2 Mali
- 3 Senegal
- 4 The Gambia
- 5 Sierra Leone
- 6 Burkina Faso
- 7 Côte d'Ivoire
- 8 Togo
- 9 Benin
- 10 Nigeria
- 11 Democratic Republic of the Congo
- 12 Uganda
- 13 Kenya
- 14 Rwanda
- 15 Tanzania
- 16 Zambia
- 17 Zimbabwe
- 18 South Africa
- 19 Mauritius
- 20 Malta
- 21 United Arab Emirates

### Main supplied markets

- 1 Mauritania
- 2 Guinea (Conakry)
- 3 Liberia
- 4 Ghana
- 5 Cameroon
- 6 South Sudan
- 7 Burundi
- 8 Namibia
- 9 Botswana
- 10 Mozambique
- 11 Malawi

# OUR PRODUCTS

Around the world, hydrocarbons are central to power engines and turbines for a host of applications including transportation (road, air and sea) as well as being used for heating, cooking, power generation, construction and many other things.

## FUEL

**Delivering quality to our customers from supply-only to full on-site services**

---

**11 key** Terminals with 24 hour service

---

**+410** Service stations

---

**+200** Industrial client installations

---

**+890'000 m<sup>3</sup>** Storage capacity

---

## LPG

**Promoting a safer, versatile and efficient alternative**

---

**+30** Cylinder storage & filling plants

---

**+500** Industrial client installations

---

**+11 million** LPG cylinders

---

**+27'000 m<sup>3</sup>** LPG Storage capacity

---

## LUBRICANTS

**Protecting the lifetime and performance of equipment**

---

**Plants** in Tanzania and Togo

---

**~50'000 MT** Storage capacity

---

## HSSEQ

In the interests of our staff, our clients, our partners and the communities in which we operate, Oryx Energies aims to become a reference in Health, Safety, Security, the Environment and Quality (HSSEQ). To achieve this, the integrated management system for all Oryx Energies operations has been certified in the form of an "integrated" multi-site and multi-activity certificate responding to the criteria of **ISO 9001:2015**, **ISO 14001:2015** and **ISO 45001:2018**.

Triple certification  
ISO 9001:2015  
ISO 14001:2015  
ISO 45001:2018
